Chapter Director News

Jim & Bev Travis

Here we are again, another month has gone by and what a month it has been. It has been fun, Fun, FUN and more **FUN**.

The fun started at the Chapter D, Rivah Fish Fry. Linda, her mother and friends outdid themselves again. The fish and hushpuppies were done to a turn. Even though I am considered one of the "Seafood Challenged", I tried the fried fish and it was truly delicious. Beverly and I, joined by Larry Gray, had a great time at the "Rivah".

In no time at all, it was time to saddle up and ride off into the sunset for beautiful down town Grapevine and Wing Ding. Actually, I found a good deal on the Internet and Beverly and I FLEW into the sunset. Flying into Dallas/Fort Worth airport was an experience. Beverly was looking out the window of the plane, hoping to see some sign of the hotel along the shores of Lake Grapevine. Suddenly, there on the shore, was a huge building covered by a dome and a smaller domed building beside it. As it turned out, it was the Gaylord Texan Resort and its' associated Convention Center where Wing Ding XXVI was being held and it was more fun, Fun, FUN (even the bike show judging during a rain storm). We made a side trip to the Circle R Ranch, to enjoy some barbecue and music. They even had "Armadillo Races". If you missed this years Wing Ding, you definitely missed a great time.

See you all at the All Chapters Picnic.

Remember, please drive safe, we want to see more of you.

You are trained and competent at both CPR and First Aid and you come upon a scene that obviously requires you to perform one or both of these services. What is the *FIRST* thing that you should do?

At a recent monthly meeting of the Houston chapter of the Lone Star Ladies there was a discussion of this topic that left me very uncomfortable. The reason for this is that I heard suggestions that ranged from "Start CPR immediately" to "Make sure the victim can breath."

I, on the other hand, suggested that the very first thing that should be done is to arrange to have 911 called.

The members unanimously found fault with that suggestion.

While I understand their desire and goodwill in the matter, I think it is important to think this through a little more carefully than we all did at that meeting.

Recall that the premise is that it's obvious that either CPR or First Aid services are required. In other words, I'm not suggesting that you have come upon a person sleeping at the side of the road who happens to look like s/he might need your help. Instead, you happen upon a scene in which there is obvious major trauma to someone.

Let's say that you discover that the person's heart is not beating. Traditional thinking has it that you must start CPR immediately! The logic is that failure to do so could very well allow the victim to die needlessly - oxygenated blood is not getting to the victim's brain!

While that is true, and even if you are fully trained and qualified to administer both CPR and First Aid, it seems to me that without trained EMS help along with transportation and other life-supporting facilities to help you, the odds are overwhelming that the victim will die anyway! Maybe five minutes later, maybe five hours later, but it will almost certainly happen. (Recall that if his heart has already stopped he is already 'dead' and all you are trying to do with CPR is keep it from being a permanent status.)

It is a fact that most trauma cases require multiple **SIMULTANEOUS** EMS efforts. While you administer CPR, for example, you cannot also be stopping the loss of blood from an amputated leg!

If you are alone and not near a telephone, you have no alternative but to try to help the victim while waiting for someone else to show up who can summon help for you (assuming you decide to provide CPR at all.)

But if you are close to a telephone then it is my opinion that the very first thing you should do is call 911.

This will cost a brief delay in starting the victim's aid, but it increases the odds that the victim will ultimately survive substantially!

Consider: You are riding your bike and see an accident occur in front of you. You stop your bike to see if you can help. Did you pull over to the side of the road then put the kickstand down or did you just drop the bike to save time? You pulled out of the way of traffic and probably put the kickstand down as well! That cost very little time, but helped insure that you would not become another victim of accident. That would obviously not help the first victim. So, even before a one minute phone call to 911 you need to be sure that the scene is secure! Be sure it poses no immediate danger to you or others. **THEN**, make your call.

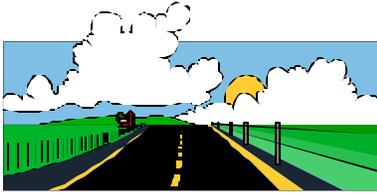

A one minute 911 phone call to get a trained and equipped EMS unit out to the scene costs one minute. If you spend ten minutes doing CPR before someone calls 911, that costs the victim *TEN MINUTES* of pure oxygen, pain killers, whole blood, and transportation to a hospital!

If there are more than one of you at the scene, the *FIRST* thing you should do, in my opinion, is insure that someone places a 911 call. No ifs, ands, or buts. If it turns out that 911 is not actually needed, you can always call them back and cancel the request. But you can never recover lost time for a major trauma victim. You are, after all, trying to save his/her life - you are trying to buy time. Why give time away unnecessarily?

There is a significant exception to the above: if the victim is a child whose heart has stopped beating or who has stopped breathing, then the child's chance of survival increases if you begin immediate life support - but this is a tough call.

2004 Chapter Couple

Ray Hitt & Kathy O'Neal

Here it is the end of July already. Where has this summer gone?? First of all I want to thank Jennifer for doing the newsletter for July while I was gone. It is a big task and she handled it very well.

Ray and I started our "month long" journey going to N.C. to see his sister for a few days. We then went to Knoxville, Tenn, as we do every year, to work at the Honda Hoot. The weather is always so unpredictable and this year was no exception. It rained most of the time. However, this minor inconvenience didn't damper our spirits. Seems it didn't bother Warren and Debbie who were "Newbee" volunteers this year. They "said" they enjoyed the time and are planning on doing it again next year. After leaving the Hoot, we headed out to Wing Ding with a week to travel. Our first stop was Memphis to visit Graceland (Elvis' home). It was interesting but certainly not what we expected. Guess for the times it was very elaborate but in today's standards it just seems like an ordinary middle class home. We found it interesting that Elvis, along with his mother, father and grandmother are all buried there, and his grandmother outlived his parents!! I also didn't know he had a twin brother who died as an infant and there is a grave marker for him there also. After Memphis we headed for Branson, Mo. What a fantastic place!! We were there for 3 days and have definitely decided that we will return. We saw Ray Stevens do a show and another local comedian/singer named Paul Harris. Both of these shows were "compliments" of presentations we attended. You know the saying, "Patience is a virtue"? Let me tell you it is not one of Ray's better virtues!! Ask him about "patience"!! We made an overnight stop in Little Rock, Ak and then into Grapevine, Texas. We were 5 minutes from our hotel, driving through the middle of town, in the middle lane of a 3 lane road, going 35 mph when we received a real "Texas Welcome"!! We felt 2, yes 2, jolts. Ray got out of the truck to find that a Texan had run into the back of our trailer. There was a hole the size of a grapefruit in the middle of the back and the light for the license plate was broken. Ray proceeded to question the guy as he was saying, "Don't call police, I pay you, I HAVE NO INSURANCE!!!" Ray said all the more reason to call, how can you pay me if you can't even pay for insurance!!!! They do things differently in Texas and when the officer came, all he did was give the man a ticket for no insurance. He said the ticket for no insurance would cost the man a lot more than the repair of the trailer. Needless to say we were not happy campers as Ray still has to pay the deductible and nothing will come from the Texan!! Finally made it to the hotel, which turned out to be an excellent place. We stayed at a Comfort Suite, by the airport. Our room consisted of a living room area with a pull-out couch, chairs, and a t.v., a wet bar area, and then another room which had the bed and another t.v. It was truly a suite. We had a full breakfast during the week, "happy hour" at 5pm, a pool, and were only 5 minutes from the Gaylord Texan where the rally was. The weather was fantastic and we rode about 300 miles while there. The Gaylord was beautiful and really was its own little town inside a building. Wing Ding was great with a good variety of vendors, seminars and beautiful places to ride. The rest of the week was uneventful and on Friday morning we headed for home. Ray's neice who lives in Houston, came up and we brought her home with us. Her mom, Ray's sister lives in Dumphries and so she planned on visiting for a while. We got home Sat night and were glad to be back. Vacations are great but you need to come home to rest!!!

I went back to work for 3 days and then I headed to Cleveland (without Ray) for my family reunion. My sister and her family were visiting from Norway and so we planned on us all getting together. It was the first time we were all together since my father died 5 years ago. It was so good seeing everyone and looking at old pictures from our childhood. My mother's brother & wife and 2 of his 3 children also came up which even made it more exciting.

I finally came home and vacations are now over...until Sept. when we go to Wings Over the Smokies in N.C. I will need all this time to rest up. Being away for a month is great...until you have to come home. Then reality sets in and you realize that you have to go back to work.

Oh, well, guess our "endless ride" will "hover" here in Fredericksburg for a while as we try to relax.

Take care on all of your journeys and be safe,

Ray & Kathy

SPRIT OF VIRGINIA AWARD 2004 - It's time to be thinking about nominations for the 2004 Vernon L. Needham Spirit of Virginia Award. Please prepare a well-thought-out letter nominating a worthy individual and submit to District Director Keith Lindgren by August 15.

WING DING UPDATE - Congratulations to John & Paula Crow from Winfield, Kansas representing Region E on their selection as International Couple of the Year at Wing Ding 2004 in Grapevine, TX on July 4. We know they will represent GWRRA in the tradition of all our former ICOY.

UPDATE ON HAMPTON CONWAY - Hampton Conway, who with his wife ShaRon are the GWRRA MD District COY Coord. and MD-B CDs, was severely injured Sat., May 29, when he passed out while riding his motorcycle. Hampton had been diagnosed with diabetes a couple of weeks ago, and had not yet experienced the effects of low blood sugar. He was thrown from his bike and suffered a lacerated liver, broken arm and a two foot section of his small intestine had to be removed. Hampton is now home and recuperating after spending three weeks at the Washington Hospital Center, Washington, and DC. Many of you will remember Hampton and ShaRon's rendition of the "Church Lady" a couple of years ago. Cards may be sent to the Conways at 11835 Ellington Dr., Beltsville, Md. 20705. Please keep them in your thoughts and prayers during Hampton's recovery.

St. Francis of Assisi Service Dog Foundation Raffle

Located in Roanoke, Virginia, the St. Francis of Assisi Service Dog Foundation raises, trains, and places service dogs. Its purpose is to encourage people with disabilities to become more self-sufficient through partnerships with service dogs. It further promotes the use and acceptance of service dogs through public and professional education. GWRRA Virginia District will support St. Francis of Assisi at Rally in the Valley 2004. We are blessed with very talented people in each of our chapters-people who make everything from quilts to wooden shelves and stained glass. We are asking each chapter to donate one item for a minimum of 24 items. Some chapters are donating more than one item. Pictures of donated items will be displayed on the Virginia District web site. Chapters will receive 20 raffle tickets, which they will sell for \$10 each. Proceeds from the sale of these tickets will be donated to St. Francis of Assisi Service Dog Foundation. We have already received three of the prizes for the raffle – one from Chapter K in Roanoke and two donated by the Virginia District Staff. We would appreciate hearing from the other chapters about their plans for donations so that we can get a list posted on the District web site prior to sending the raffle tickets out to the chapters. Please contact Bobbie Jo Harrison or Lynette Stewart to let us know what your chapter plans! If you need more information on St. Francis of Assisi, please visit their web site at: <http://www.saintfrancisdogs.org/>.

RALLY IN THE VALLEY FUN!!

Last year, we held our first-ever Scavenger Hunt with the merchants of Salem. They want us back!! Not only is this event a whole lot of fun – it is also a great Public Relations tool for GWRRA Virginia. The merchants get to see motorcyclists who enjoy shopping and visiting their stores and we get to see their merchandise – some of which we probably need to purchase because we can't live without! Join us this year on our hunt. The winner of the Hunt will be awarded a \$100 prize at RITV closing ceremonies. Hunters can pick up their registration packets on Thursday afternoon, Oct. 7th. The Scavenger Hunt will end at 3 pm on Sat Oct. 9th.

CHAPTER NEWS

There have been several people interested in going on Dinner Rides. Please understand that just because a ride may not be planned, it is still possible. If anyone wants to go on a dinner ride, please feel free to send out e-mails, call or pass it on by word of mouth to the chapter. You can also contact Karen Kestner and she will put out an e-mail. Gordon Combs and Ron Hardisty have expressed interest in getting rides planned. Contact either one of them also if interested.

The PICNIC AND PEOPLES BIKE SHOW is fast approaching. Set up time is 8:30 am. Help is needed so please come. Also, please remember to please bring a desert to share. This year we are doing a pre-registration. If you register before AUG 14, the cost will be \$8.00. After Aug 14 and at the show, it will be \$10. Get your registrations to Jim & Beverly. Forms are on the Web Page available for download.

Well it all started with breakfast at IHOP. Then with a quick fill up, Gordon was ready to continue onto Germana College to pick-up Rich and Greg. There were six of us heading toward Gordonsville on Rt.20 (Greg, Butch, Lloyd, Ron, Rich & Gordon-The Leader). We manipulated through Gordonsville city and back onto Rt. 20 to Rt.33. The weather started to break up meaning the clouds started to go bye - bye. The sun came out and the temperature was in the mid 80's. On up to Skyline Drive we went and south to the Blue Ridge Parkway. The temperature had dropped to the mid 70's which made the ride on top of the mountains just perfect. We had turned off the Blue Ridge Parkway and headed west toward Rt.81. You have to understand that this part of the ride was not for the novice. The twists and turns were more than a sidewinder snake and some of the hairpin turns were sharper than a hairpin. The road itself had a lot to be desired with gravel and small ruts here and there. We all made it with ease and all in one piece. This was an experience none the less. We gassed up then headed north on Rt.81 toward Rt.33 in Harrisonburg with a stop at Chapter "R's" Golden Coral for a wonderful lunch. The rest went along just fine. We needed to be back around 6pm. Gordon turned out to be lead for the trip and Greg was taillight or drag (he wanted to see the backside of the Wings for a change of pace). We all had a wonderful time to say the least and added another 200 miles under our belts.

Sat July 31 was the Chapter U's Poker Run down in Hanover. Ray and I headed down there and met Jim & Bev, Ed & Wanda, Mike & Carol. You couldn't have asked for a better day...except maybe a little less humidity. We didn't do the Poker Run as we already did one on the way down. After spending several hours there, Ray and I decided that it was just too pretty of a day to waste. So we headed over to South Hill, on to South Boson and then to Farmville. When we finally got home at 9 pm we had driven 400 miles.

2004 RIDE FOR KIDS: It wasn't a very nice day to start off with and only became better after I was securely in my new home for the night. I had been looking forward to this particular weekend for quite sometime and it finally had arrived. The channel 6 news claimed the rain was suppose to sopt on Saturday afternoon. NOT—Didn't Happen, Wasn't even close. The hotel/motel ws in the Insbrook area and did live up to it's reputaion as top notch. Not sure about anybody elses accomodations but mine wre really unreal. I couldn't believe what I saw. Three rooms, kitchen, living room, master bedroom and another bedroom I didn't know what to do with since there was only myself. Three TV's and one VCR. The desk clerk called about 15 min after I opened the door and wanted to know if everything was satisfactory. I asked him, "What am I suppose todo with all this?" He said to have a good time.

Some of us met at 5 pm to have a class on our particular jobs for the next day. Some folds that stayed at the hotel were drafted into jobs they didn't sign up for. This is good to have unsuspecting volunteers. Supper followed for the volunteers in a hospitality room on the second floor. Pizza and lots of it were the main entre. Cake and ice cream were introduced after most of the pizza was consumed. Only empty boxes remained. Some of the kids were there and we wished them well and let them have the cake and ice cream first while we were foaming at the mouth. Some door prizes were given out and of course the famous 50/50 drawings were held. Not to brag but I brought a picture frame home to my wife so she could put a picture of our granddaughter in it. The next morning we had a continental breakfast which had a lot more than I expected.I found the meeting place by following a pack of 5 GoldWings. It was much easier

that way than following directions. When I started counting bikes in the parking lot I lost count after 10, that's all my fingers and I couldn't get my boots off fast enough to use my piggies. The rest is history and the kids are \$94,000 to the good. I hope research can find medication or a cure to make life easier for the kids.

The Photoman.....Ron Hardisty

IT'S THAT TIME AGAIN. The year is almost over and it is time to think about next year's COY. Please have your names in mind for the meeting on Aug. 18th. Ballots will be passed around for your nominations. If you are nominated, please consider it an honor and consider becoming the COY if asked. It is a wonderful, fun time filled with many new adventures. New friends are made. Don't turn it down because you may feel you can't "travel" to the other chapters. The COY is what you make of it. Do what you are able and you will be rewarded with friendships many times over. You are never obligated or "made" to do things. You do what you want to and are able to. The main thing is to **HAVE FUN!** Ray and I have enjoyed our "reign" these last two years and we know you will enjoy yours!!!!

This recipe was sent to me by Nancy Groves. Sounds like a really great, cool summer cake.

Gelatin Poke Cake

1 pkg. white cake mix
1 cp boiling water
1 pkg (4 serving size) Jello Brand Gelatin, any flavor
½ cp cold water
1 tub (8 oz) Cool Whip topping, thawed

Prepare and bake cake in 13 x 9 baking pan as directed. Remove from oven. Cool cake in pan 15 min. Pierce cake with large fork at ½ inch intervals

Meanwhile, stir boiling water into dry gelatin mix in small bowl at least 2 minutes until completely dissolved. Stir in cold water; carefully pour over cake. Refrigerate 3 hours.

Frost with whipped topping. Refrigerate at least 1 hour or until ready to serve.

Did you know?

Drinking two glasses of Gatorade can relieve headache pain almost immediately—without the unpleasant side effects caused by traditional “pain relievers”

Did you know that Colgate toothpaste makes an excellent salve for burns?

Cure urinary tract infections with Alka-Seltzer. Just dissolve two tablets in a glass of water and drink it at the onset of the symptoms. Alka-Seltzer begins eliminating urinary tract infections almost instantly—even though the product was never been advertised for this use.

Honey remedy for skin blemishes—Cover the blemish with a dab of honey and place a Band-Aid over it. Honey kills the bacteria, keeps the skin sterile and speeds healing. Works overnight.

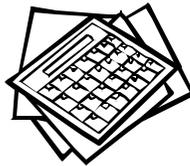

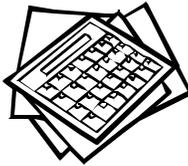

Cleaning liquid that doubles as bug killer...If menacing bees, wasps, hornets or yellow jackets get in your home and you can't find the insecticide, try a spray of Formula 409. Insects drop to the ground instantly.

Smart splinter remover...just pour a drop of Elmer's Glue all over the splinter, let dry, and peel the dried glue off the skin. The splinter sticks to the dried glue.

Heinz vinegar to heal bruises...Soak a cotton ball in white vinegar and apply it to the bruise for 1 hour. The vinegar reduces the blueness and speeds up the healing process.

Quaker Oats for fast pain relief...It's not for breakfast anymore!! Mix 2 cups of Quaker Oats and 1 cup of water in a bowl and warm in the microwave for 1 min. Cool slightly and apply the mixture to your hands for soothing relief from arthritis pain.

Bounce dryer sheets repel mosquitoes. Tie sheet of Bounce through a belt loop when outdoors during mosquito season.
