Chapter Directors
GWRRA Virginia Chapter E
"Battlefield Wings"**

The season is defiantly starting off with a bang. We seem to have places to go and things to do, every weekend. We started the month of May out with the Chapter E Yard Sale at the Combs residence. I want to thank Gordon and Julie for inviting us to invade their home

for two days and hold our yard sale in their driveway, to coincide with their housing area yard sale.

Of course I would be remiss if I didn't thank all our chapter members that collected and donated the treasures we had to sell and the chapter members that spent their time and energy setting up and selling those treasures and buying some of those treasures that others had brought.

As we had our Monthly Meeting on Wednesday the 18th, it was bright and early (Ughhh, I really do hate Bright and Early) Thursday the 19th of May and time to hit the road for Maggie Valley, NC and the Region N Rally. Beverly, Sean and I piled into our "Little Truck" and it was down the road. In no time at all we were checked into the motel and on our way across the street to the Eagles Nest for early registration and to meet old and new friends. Soon the Pizza Party started and it was Pizza for all. Afterward some of us headed for the Casino to do our share of donating. As it turned out we came out ahead, I decided to stay back at the hotel and save my pennies.

Friday morning was time for the Region N Couple Selection and I can truthfully say that I was glad I wasn't one of the selection panelists. All of the Couples did an outstanding job in the presentations, however when all was said and done, Boots and Phyllis Streetman TN's District Couple were presented at the opening ceremonies, as the 2004 Region N Couple of the Year. Speaking of the opening ceremonies, I didn't realize that Region N Staff had all that talent.

Summer is into full swing, with groups of motorcycles on the highways and byways. With all the vehicles on the road, I would be remiss if I didn't remind everyone to drive defensively and stay alert. It is a terrible thing to see an accident involving a motorcycle and a lot worse if you are the one involved. Please drive safe; we want to see more of you!

See you down the road,

Jim and Beverly Travis

**FEAR can kill you!
Turn it into Respect
By: James R. Davis**

Fear can kill you - it leads to riders freezing at their controls in an emergency and taking no corrective action whatever. It leads to doubts that are self-fulfilling. "I can't make that turn!" Finally, it leads to

dangerous reactions such as 'grabbing a handful of brake lever' instead of doing a CONTROLLED panic stop.

But we, ALL OF US, were afraid to begin with. How to get over it should be the question you answer because by observation you know that virtually all of us did just that.

My suggestions are simple:

Convert fear into respect. Understand and acknowledge that the sport is dangerous and that what you must do to survive it is UNDERSTAND everything you can about it. Ignorance is the cause of a great deal of fear.

Make sure that the motorcycle is ALWAYS mechanically sound. Your life depends on just two wheels, it only makes sense to insure that they are well maintained.

Practice and then practice some more. Practice in all kinds of environments, not just a parking lot. Practice in the rain. Practice on gravel. Practice stopping and starting on a hill. Practice stopping quickly (in a parking lot!) Practice going fast (speed limited by law.) Practice going SLOW - this IS important!

Be prepared. You cannot practice enough to have experienced everything - the car that moves into your lane at freeway speeds should be an event that is new to you.

The unexpected does happen - often. Sometimes, unfortunately, things break - even if properly maintained. In other words, you should assume that sooner or later you will find yourself getting off your motorcycle unintentionally (it falls over in a parking lot with ten of your friends watching you.) You should be dressed to not only survive that experience, but so that you will be uninjured or minimally affected by that dismount.

(Can you say 'helmet', 'gloves', 'leather'?)

Now, to go back ... your objective should be to convert fear into respect. I do not mean respect merely of the dangers or of your motorcycle - those are the least of it. You need to develop a respect of YOURSELF - an absolute regard for your ability to CONTROL the motorcycle at all times. An immense pride in YOUR ability to make it - that is, that 100 horsepower machine - do exactly what YOU want it to do.

When that happens, you have won.

It is not for no reason that we ride our motorcycles with grins on our faces.

2005 Chapter Couple Dan & Martha Jo Fritz

Ride we didn't. I (Martha Jo) got sick with what I thought was the flu and didn't feel like riding my own bike and we couldn't carry everything that Dan wants to take when we go camping. So the bikes stayed home and we took the truck and the camper to Maggie Valley, NC for the Region N rally. As it turned out, I didn't have the flu at all but had a sinus infection that expanded to ear infections in both sides by the time we got home on Sunday. I'm on antibiotics now and am hopefully on the mend.

We had a good time at the rally. I took my First Aid/CPR class so that I can retain my level four status. We played the games and even took some of the rides (in the truck). We really got rained on, hard at times -- so hard that our screen room collapsed from the weight of all the rain. But that is all right. We can afford to buy another, because Dan finally won at 50/50. He took the big pot at closing ceremonies. He was so stunned that he was totally speechless. I know -- you are having trouble believing this, but it is true -- he couldn't even yell with excitement. I did, though.

We are really proud of Kathy and Sam. They did a great job at the Couples Selection program. They represented Virginia well. Unfortunately, the judges weren't as partial as I am and chose another couple to represent Region N for the next year.

At least Kathy and Sam will be able to direct all their attention to their plans for the All Chapters picnic. If you haven't registered for this yet, there is still time. There will be a few surprises and lots of good food. But you have got to pre-register in order to be guaranteed a meal. We also need some fabulous deserts to raffle off again this year for a good charity (which will be decided upon and announced at a later date). Chapter E is known for their great deserts and the cooks who make them. Let's keep up our reputation here.

I do hope you will all come out on July 23 and have some fun with us. There will be flyers available at the meeting along with the registration forms. Please be sure to pick one up and put this date on your calendars. Hope to see you all there.

On May 1, 2005 Chapter O sponsored an all bike challenge to benefit Relay for Life at Chisholm Creek Park in Yorktown. The weather turned out to be great for this event. In

attendance were Jim and Beverly Travis and Tony and Tracy Boone. There were several games, silent auction, great food, a bike challenge which had some great competition for rider and co-rider. Also they had an egg toss competition. This egg toss went for a long time and the gap between each partner was at great distances and everyone had an EGGCELLENT time.

On May 19- 21 fourteen Chapter E members Jim, Beverly and Sean Travis, Harlan and Sharon Brooks, Dan and Martha Jo Fritz, Kathy O'Neal and Ray Hitt, Ron Hardisty, Lloyd and Mary Messner and Tony and Tracy Boone traveled down to the Region N Appalachian Adventure in Maggie Valley, North Carolina. The event started with pizza and lots of friendly conversations. The local restaurants and stores opened their doors with lots to see and buy while each GWRRA member completed the Scavenger Hunt. The parade of lights was a wonderful event and ended with Ice Cream at the Wheels of Time Museum. Virginia had some champions: congratulations to Harlan Brooks Chapter E and Lewis Crockett Chapter C for winning the Region N Horse Shoe Competition. Also let's not forget Dan Fritz who won the Saturday 50/50 raffle. Harlan and Sharon Brooks invited all the Chapter E members over to the cabin they were renting for a Saturday lunch. They laid out a great spread of lunchmeats for sandwiches and snacks to fill up on.

Chrome World Ride, the rest of the story.....

As I read Larry's account of this ride in the May issue, I laughed out loud, knowing that only those on that ride knew the humor "between the lines." I would also like to add a point or two, and a few observations. Larry, you have revealed terrific writing/storytelling skills, and you will now be hounded to write a piece on every ride you take. Likewise, your skill and interest in riding and things mechanical have not gone unnoticed, and as is the GWRRA way, you will be recruited, it's only a matter of time. It was not mentioned, however, that as "Bling-Bling" Combs (AKA – "Little Frankie") was melting his Visa Card, Frankie walked around with a frown, as there was nothing in all of Chrome World that wasn't already on his bike. This leads me to gadgets, and Larry had a few on the ride. His Smart-Tire system told of the tire temperature, and that the rear tire was 5 degrees warmer than the front. While the ladies of Chapter E may roll their eyes at this bit of info, it's just the kind of stuff guys "need" to know. Then there is Larry's GPS (Global Positioning Satellite) unit. This is where I can clear up a few of Larry's logistical questions. While I am sure that this must be a terrific gadget, it displayed a few "familiar" traits. Larry's GPS unit occasionally wanted us to turn and take a more direct route, and as he would key his CB, the distinctly "feminine" voice of his GPS unit would loudly interrupt him, tell him where to go, and where to turn, as we listened on the CB. Obviously, Larry has a wonderful wife, and he knew he would miss her so badly on this long-ride, that he brought this GPS unit along to talk to him. However, while Larry questions the sanity of meeting at 4:30 a.m., with 30 degree temps, for a 500 mile ride for 15 hours, through gusting winds and sea spray, these conditions ensured that our GPS (Generally Pretty Sarcastic) units would stay home. Oh, and Butch, Frankie and Gordon agree with this line of reasoning (I figure the more turkeys there are to shoot at, the less

chance there is of the one turkey getting all the arrows). Any comments, about the biological GPS units may be sent to: I'm a dead man now @ erols.com.

See you on the road, (with my bulletproof vest on)

Greg

May 21st was a beautiful day to attend Fredericksburg Motorsports open house. Five of us, Gordon, Greg, Butch, Frankie & Richard met there and put our bikes on display. Greg lined us up perfectly straight (he sure is a stickler for details) and out came the rags & Honda spray. Soon after Larry rode up and visited with us and shortly after that Karen and Alec came and stayed till we left. We spent the day sitting behind the bikes and watching Gordon talk to anyone who looked at them. We did manage to give applications to two Goldwing owners who showed up and invited them to join us at our meeting. Even Dave Calahan (Dave, where are you?) stopped by for a visit while Sharon's bike was inspected. Of course, Julie and Nancy waited till lunchtime to show up and share in the hotdogs and soda's provided by FMS. Overall, it was an enjoyable day for all.

As many of you know, I have been the newsletter editor for several (I don't even know how many) years. I have enjoyed doing it and have learned a lot. However, it is time that I give up this position. I can't seem to devote the time that I use to on it and so have let many of you down lately. For this reason, I will be stepping down as newsletter editor at the end of this year. I am looking for someone to take over this position. I will be more than willing to help anyone get started and "show them the ropes". I have all the needed software and information. This has been a wonderful, fun time, but as with anything it is time to move on and let someone else step up. Anyone interested please contact me or Jim. Thanks for all your help, encouragement and support. Kathy

FATHERS' DAY HISTORY

Sonora Dodd, of Washington, first had the idea of a "father's day." She thought of the idea for Father's Day while listening to a Mother's Day sermon in 1909.

Sonora wanted a special day to honor her father, William Smart. Smart, who was a Civil War veteran, was widowed when his wife died while giving birth to their sixth child. Mr. Smart was left to raise the newborn and his other five children by himself on a rural farm in eastern Washington state.

After Sonora became an adult she realized the selflessness her father had shown in raising his children as a single parent. It was her father that made all the parental sacrifices and was, in the eyes of his daughter, a courageous, selfless, and loving man. Sonora's father was born in June, so she chose to hold the first Father's Day celebration in Spokane, Washington on the 19th of June, 1910.

President Calvin Coolidge, in 1924, supported the idea of a national Father's Day. Then in 1966 President Lyndon Johnson signed a presidential proclamation declaring the 3rd Sunday of June as Father's Day. President Richard Nixon signed the law which finally made it permanent in 1972.

QUOTES ABOUT DAD

"A father is always making his baby into a little woman. And when she is a woman he turns her back again." -- *Enid Bagnold*

"It no longer bothers me that I may be constantly searching for father figures; by this time, I have found several and dearly enjoyed knowing them all." -- *Alice Walker*

"None of you can ever be proud enough of being the child of SUCH a Father who has not his equal in this world-so great, so good, so faultless. Try, all of you, to follow in his footsteps and don't be discouraged, for to be really in everything like him none of you, I am sure, will ever be. Try, therefore, to be like him in some points, and you will have acquired a great deal." -- *Victoria, Queen of England*

"That is the thankless position of the father in the family-the provider for all, and the enemy of all." -- *J. August Strindberg*

"It is a wise father that knows his own child." -- *William Shakespeare*

"It doesn't matter who my father was; it matters who I remember he was." -- *Anne Sexton*

"One father is more than a hundred schoolmasters." -- *English Proverb*

"To be a successful father . . . there's one absolute rule: when you have a kid, don't look at it for the first two years." -- *Ernest Hemingway*

"A man knows when he is growing old because he begins to look like his father." -- *Gabriel García Márquez*

"I cannot think of any need in childhood as strong as the need for a father's protection." -- *Sigmund Freud*

"I watched a small man with thick calluses on both hands work fifteen and sixteen hours a day. I saw him once literally bleed from the bottoms of his feet, a man who came here uneducated, alone, unable to speak the language, who taught me all I needed to know about faith and hard work by the simple eloquence of his example." -- *Mario Cuomo*

"Be kind to thy father, for when thou wert young,
Who loved thee so fondly as he?
He caught the first accents that fell from thy tongue,
And joined in thy innocent glee."
-- *Margaret Courtney*

"If the new American father feels bewildered and even defeated, let him take comfort from the fact that whatever he does in any fathering situation has a fifty percent chance of being right." -- *Bill Cosby*

"Blessed indeed is the man who hears many gentle voices call him father!" --
