Recruit and Share....

Today as I got home...feeling my age, a thought came about the average age of our chapter and how it's getting older. What can be done about that...recruit, recruit, recruit.

How...as we ride and talk with others (riders and non-riders) and invite them to a gathering. Tell them about GWRRA and emphasis that a "Goldwing" nor a motorcycle is not required for membership. All bikes are welcome to join.

Sharing your riding experiences is another strong recruitment tool. I understand for some; it is hard to sit and put "pen to paper" like I try to do every month…but putting your stories in our newsletter has a greater potential to reach so many more. Nothing elaborate is required. Just a short story and a few pictures can open one's imagination to the possibilities of a motorcycle adventure.

Growing the chapter is a must. We are more than a chapter...we're family!

Ride safe,

Claude

Because he was a little horse.

Why did the scarecrow win an award?

Because he was outstanding in his field.

Let's all have a safe and fun riding season this year!

District Educator:

LeRoy Gross

Hello Everyone,

Well it's finally here. Prime riding season. The weather is warmer, district rallies are happening and Wing Ding is only a few months away. It's the time of year when we pack up our machines and take long trips. Many of you pull trailers on these trips so you can take lots of "stuff" and you can buy some "safety chrome" while you're are at the rallies and haul it home. I know I like pulling a trailer on trips. It makes motorcycle traveling so much better. My question to you this month is: are you ready to pull that trailer? And: is that trailer ready to be pulled by your machine?

When we teach rider courses in GWRRA we talk about how the course is good practice. How does this apply to trailers? Do you practice pulling your trailer before you load it up and ride two-up? Do you know how your trailer tracks behind your motorcycle? Can you back your trailer quickly enough to get out of traffic? Can you parallel park your motorcycle if necessary? Do you practice after you have loaded your motorcycle and trailer? When you add your co-rider, trailer and all that luggage you have nearly doubled the weight of your rig. When a car pulls out in front of you is NOT the time to find out how all that extra weight affected your braking distance.

Do you know the best way to load your trailer? Improper loading can seriously affect the handling of your motorcycle and trailer rig.

What about the condition of your trailer? Do you give it the same attention as you give your motorcycle? Having an issue with tires, wheel bearings or hitch while on the road can be time consuming, expensive and can result in an accident when something suddenly fails. That annoying out-of-balance wheel on a trailer can take much of the joy out of your long trip. We usually take the right tools to work on our motorcycles. Do you take the necessary tools to work on your trailer? Many trailers are made in America. That requires a different set of English wrenches instead of the metric set needed for your motorcycle.

I asked many questions in this article. If you don't like how you had to answer some of these questions maybe you should consider taking a trailering course. GWRRA offers both a bike/trailer course (TC) and a trike/trailer course (TTRC). We are offering both of these courses at Rally in the Valley this year. These courses are an excellent opportunity to learn about pulling a trailer. You will learn about loading a trailer, how it tracks behind your motorcycle and how the trailer should be hitched to your motorcycle. You will also have the opportunity on the range to practice skills specific to motorcycle and trailer riding. So, sign up for the courses when you register for Rally in the Valley. Just think how cool you will look when you can parallel park your motorcycle and trailer on your next trip.

Hope to see you in the class.

Be Safe,

LeRoy Gross

VIRGINIA CHAPTER C - TIDEWATER WINGS CRUSTY'S CRAB CRAWL

PHOTO TOUR

Meet the GWRRA VA-C mascot, Crusty! Crusty's Crab Crawl is a photographic tour on your motorcycle. Snap a view of your motorcycle in front of a Post Office or other city sin that begins with each letter of his name "CRUSTY."

It's really easy:

- Register
- Ride Travel to your choice of cities/towns that begin with each letter of the name "CRUSTY." Take a
 picture of the bike (preferable with you and/or co-rider in the picture) at each site you visit in front of
 the post office, city sign, or some sign with the name of the town.
- Email or mail the pictures to us and we will mail you a Virginia pin, (davenrand@cox.net)
