## Newsletter Publication Policy

Chapter VA-E's newsletter is distributed free of charge to all current GWRRA members who attend the chapter meeting. The newsletter is also available to anyone via the Chapter website: [Battlefield website Link](#)

Please remember that this newsletter is a measure of your chapter involvement. Submission of pictures and articles is requested and encouraged. As a chapter member, this is YOUR newsletter, articles may be submitted on a wide range of topics related to motorcycling and chapter activities. All articles submitted to this newsletter will be edited at the discretion of the Newsletter Editor based on available space.

E-Mail submissions to the newsletter editor at [vaebattlefieldnews@gmail.com](mailto:vaebattlefieldnews@gmail.com) by the 25th of the month to be entered in the following month's edition. If you miss the deadline, we will add it to the next month newsletter.

## GWRRA = Friends for Fun, Safety, and Knowledge...

The Gold Wing Road Riders Association (GWRRA) is the world's largest single-marque social organization for owners and riders of Honda Gold Wing/F6B and other touring motorcycles and some would say, the world's largest family. Dedicated to our motto, Friends for Fun, Safety and Knowledge, GWRRA members enjoy the freedom of belonging to a not-for-profit, non-religious and non-political organization.

## Chapter Membership Enhancement Coordinator (MEC):

Gordon Combs

## Maintenance Day and Food with Friends,

We had another great turnout for our Maintenance Day at Charlie and Ellens on November 13th. There were over 20 members in attendance where we used Charlie and Ellen's large spacious garage to perform oil and filter changes, brake

repairs, accessory installation and of course the customary bike cleaning. And the family of Chapter E did not disappoint with 6 crock pots full of delicious stews and chili's with all the fixings, hot dogs, and a smorgasbord of delicious desserts. In addition, we had some wonderful pastries and donuts to start off the morning. The Smith's lit up their large fire pit area and we sat around and enjoyed the warmth and the comradery. This annual event at the

Smith's is always a fantastic time to enjoy our GWRRA family and

practice the time-honored tradition of stuffing our bellies. When you see Charlie and Ellen, please thank them for their gracious hospitality.

It's not too late to register and join us at Camp Wingless (see the flyer in this newsletter). At this time, we have 8 confirmed "campers" that will be attending February 18th and 19th in Williamsburg and we are looking to add more to the "campsite". We hope to see you there.

Anyone can set up a ride to wherever their heart desires. Just email me the date, time and place to meet, and I will promote it by email to the Chapter. We would love to have someone set up a few Saturday and/or Sunday rides The ROMEOS ride most

Thursdays so check your emails on Wednesdays (we might slow down some in the winter months if it is below freezing that day).

Are you interested in dining out with your biker buds this winter? Pick a restaurant, check on the seating, email me a date and time, and I will promote it and ask for the RSVP so you can inform the restaurant of the number dining. The more people that plan events, the more we can get together. Only you can prevent eatathomeitis.

That's it for now. If you have any ideas for membership enhancement, please reach out to me.

## Former Chapter Director:

Claude Revely

Email: [knightwing263507@gmail.com](mailto:knightwing263507@gmail.com)

## E-team

VA-E membership.

As I write this last article for the newsletter as the Chapter Director of Chapter E, I would like to thank every team leader volunteer for their participation and willingness to meet every month to help keep this chapter a fun chapter to be a part. Without you, our chapter would not have survived.

As we are about to close out this year under the shadow of a pandemic, we will look forward at changes in the upcoming 2022. With that, I would like to reflect on 2021 as a very uncertain but active and successful year... with additional triathlons, outstanding ROMEO'S rides and a much-requested multiday journey where we had the pleasure and honor to meet and ride with "Chardonnay". Again, we would like to thank the Smiths for hosting an outstanding maintenance day and looking forward to the spring. I almost forgot our summer outing at the ballpark!!! Even the rain couldn't dampen that! I also wish to acknowledge those members/friends/family that we loss this year. You will always be remembered in our hearts and minds.

I do employ you to reach out to the 2022 team and give them your input and support as they will take the reins and run...(ride)!

Again, thank you everyone for your support.

The District Rides this year were such a success that we'll be doing them again in 2022. Instead of assigning a particular date to each area, we will assign a month instead. Please get together with your fellow CDs, ACDs, and Ride Coordinators in your area to plan a ride. A couple of hours in length seemed to work well this year and Saturdays are preferred if at all possible.

MAY: Southeast Area (Chapters C, D, L)

JUNE: Southwest Area (Chapters H, K, V, X)

AUGUST: North Area (Chapters A, E, F, I, R)

While you don't have to have your route planned immediately, **PLEASE provide your selected date at the Ops Meeting on January 15, 2022 so we can get it on the District Calendar.** If someone in your group will not be attending, please email your date to us via reply email.

Thanks and we look forward to seeing everyone in 2022!

## Chapter Director:

Joseph Herron

## Welcome 2022!!

HAPPY NEW YEAR!! We hope everyone had a blessed and joyous Christmas. Peggy and I extend our wishes for a prosperous New Year and return to normalcy everywhere.

As my first Newsletter greeting as Chapter Director, I want to thank Claude and Gordon for their great leadership o'er these many years, and their confidence in proposing us for this new position. Our Chapter is active, meetings are fun, fellowship great. As new "active" members, Peggy and I have felt very welcome.

Though I've been a member of GWRRA since 1993, the Army and associated moves, and then five-plus years on the road driving an 18-wheeler precluded more active participation. But both are behind me now, and I intend to get much more riding into our routine.

I guess my initial goals are to keep this train on the track, running on time: increase Chapter membership; increase our frequency of and participation in club rides; and continue safe riding, education and FUN. I have long held the belief if I'm not having fun doing what I'm doing, I need to be doing something else. Riding with my fellow GWRRA members is fun, and I intend to continue that however I can.

Going forward, we have a new meeting place at Castiglia's, with a more private room and great food; the number of Triathalons this year has been reduced, so while there are enough for everyone to participate hopefully no one feels over-used; and ROMEO rides continue weekly.

Having said that, I am open to your suggestions as we go forward.

I want to leave you with an incident I experienced while having my Gold Wing inspected at Meineke's on Jeff Davis Highway in November. A mechanic approached me and asked if I belonged to "that Gold Wing Motorcycle Club". I said I did. He then thanked me on behalf of "the club". He explained that when he and his brother were younger, their mother was struggling to get by and could not afford to buy Christmas presents for them. But it was okay, because for those two years there were plenty of Christmas gifts under the tree – and they ALL came from "the Gold Wing Club".

I was touched. I was proud to say "you're welcome" on behalf of my GWRRA members, and assured him it was *our* pleasure

I don't know exactly when this occurred, or which club made Christmas unforgettable for him and his brother, but I was – and am – proud of them, and equally proud to be associated with an organization of such fine people.

Peggy and I look forward in the coming year to getting to know everyone better, riding and fun,

Be Safe.

Joe Herron

Assist Chapter Director:

Nancy Groves

## Oreo Crack

This is one of our family favorites, normally made by MaryLynn. She refers to it as “Oreo Crack”

1 bag Oreos, crushed  
8oz cream cheese, softened  
1/4 cup butter  
1 cup powdered sugar  
3 cups milk  
2 sm boxes instant vanilla pudding  
1/2 tsp vanilla  
12 oz Cool Whip, thawed

Cream together cream cheese, butter & powdered sugar & vanilla. In separate bowl mix milk & pudding chill until set. Fold in cool whip after pudding has set. Add cream cheese mixture, layer with Oreos... Chill ready to serve!

Chapter Web Master:

Rob Hardisty

## *Minimizing Blue Light*

Have you ever felt your eyes strain or had a headache from staring at your computer for too long? Blue light may be to blame.

The sun naturally emits blue light during the day to help keep us awake. But too much artificial blue light from our computers, laptops, phones, and other devices can cause sleep trouble and eye strain. Not only that, but the circadian rhythm, the body's internal clock, can fall out of whack. Here are a few ways to restore your sleep and reduce discomfort.

To adjust the color temperature and reduce blue light on your Windows devices, select **Start > Settings > System > Display > Night Light Settings**. Under **Schedule**, set **Schedule Night Light** to **On**. You can select your own custom times or click the **Sunset to Sunrise** option. Please note that night light isn't available for devices using Display Link or Basic Display drivers.

To adjust these settings in your Mac, you can utilize Night Shift. Simply go to **System Preferences > Displays > Night Shift**. You can then select your hue and set a custom schedule.

Since blue light comes from the sun, too much of it in the evening will tell your body it's still daytime. You can turn on **Dark Mode**, **Night Light**, or **Night Shift** on your tablet or mobile device by visiting the display settings. Adjusting your device to a warmer color hue a few hours before bed will help your body wind down and prepare for sleep.

Hope this helps!

## Recalls:

**NHTSA Campaign Number:** 21V901000

**Manufacturer** Honda (American Honda Motor Co.)

**Components** FUEL SYSTEM, GASOLINE

**Summary** Honda (American Honda Motor Co.) is recalling certain 2021 NC750XD motorcycles equipped with 6-speed dual clutch automatic transmissions. The fuel injection control module software may be programmed incorrectly, which can result in insufficient fuel when stopping, or accelerating from a stop.

**Remedy** Dealers will reprogram the fuel injection and dual clutch transmission software, free of charge. Owner notification letters are expected to be mailed January 7, 2022. Owners may contact Honda Powersports customer service at 866-784-1870. Honda's number for this recall is KNO.

\*\*\*\*\*

**NHTSA Campaign Number:** 21V836000

**Manufacturer** Yamaha Motor Corporation, USA

**Components** EQUIPMENT

**Summary** Yamaha Motor Corporation, USA (Yamaha) is recalling certain 2021 Tracer 900 GT (MTT9GTM) motorcycles. The Vehicle Identification Number (VIN) printed on the Federal Certification label may not match the VIN stamped on the vehicle. As such, these vehicles fail to comply with the requirements of 49 CFR Part 567, "Certification."

**Remedy** Yamaha will notify owners, and dealers will install a correct certification label, free of charge. Owner notification letters are expected to be mailed November 5, 2021. Owners may contact Yamaha customer service at 1-800-962-7926. Yamaha's number for this recall is 990151.

\*\*\*\*\*

**NHTSA Recall ID Number :** 21T018

**Synopsis :** Sailun Tire Americas, Inc. (Sailun) is recalling certain Sailun, RoadX, Blacklion, Blackhawk, and Ironhead brand tires, sizes ST235/80R16 and ST235/85R16 with DOT codes 2020 through 4120. Due to a manufacturing issue, the tires may experience a belt separation. Belt separation could lead to loss of vehicle control, increasing the risk of a crash. Sailun will replace the tires, free of charge. Owner notification letters are expected to be mailed in December 2021. Owners may contact Sailun customer service at 1-844-281-9696.

## Chapter Ride Coordinator Corner:

Gordon Combs & LeRoy Gross

Hello everyone,

One of the reasons I like Chapter E is because many of the members keep riding all year. During this time of year that can present some challenges due to the cold weather. We haven't seen much cold weather yet it will most likely get cold in the next month or so. In order to help everyone be more prepared for cold weather riding I created a bullet list on the topic.

- Wear the right gear. Layering is recommended. Heated gear is probably the most effective way to stay warm. Be sure to keep all parts of your body warm especially fingers and toes so spend the extra money on the heated gloves and socks. Remember that cold weather and heated gear are hard on your battery so be sure your battery is in good condition. Pin lock helmet shields prevent the shield from fogging in cold weather. They allow us to keep a full face or modular helmet shield closed blocking wind from our face and head. Balaclavas and scarves around your head and neck help keep you warm but be careful not to restrict your ability to turn your head to see.
- Block the wind. The outer layer of your gear should block as much wind as possible to avoid the effects of wind chill. Most rain gear blocks wind pretty well and makes a good outer layer. Use a larger windshield or raise your existing windshield to block more wind.
- Keep your tires inflated and understand the effects of cold weather. Tires don't interact effectively with the pavement until they reach about 135 degrees Fahrenheit. This takes longer in cold weather and your tires will cool faster when you are not moving. Tire pressures remain lower in cold weather so be sure you are at the recommended cold tire pressure before you ride.
- Motorcycle fluids. All the fluids take longer to heat up and become as effective as necessary for proper mechanical function. Allow time for the machine to warm up. Be sure that the antifreeze in your motorcycle is capable of handling the temperature.
- Keep your brain working. Be sure to eat and hydrate. We burn more calories in cold weather. At some point in becoming hypothermic (cold) our mental processes begin to slow. We may not recognize this ourselves so we may need to help our friends who we see having issues with logical thinking.
- Road surfaces change in the winter. Watch for potholes, rough pavement, bridge joint separations, leaves and ice.
- Other drivers don't expect us to be on the road. Be aware of that fact and do all we can to be visible to other drivers and expect the unexpected.

# Battlefield News January 2022, VOL 34 ISSUE 1

- Know your limits. We are all different. Know your physical and mental limitations. Know when to turn back due to snow or ice or it's just too cold for you. No ride in the cold is worth illness or injury. Know when to quit.

Ride Safe,  
LeRoy Gross

## ‘8’ Ways to Make Your Motorcycle More Visible

Safety is paramount when riding a motorcycle, use these 8 easy ways to make your motorcycle more visible to make sure cars see you on the street.

In a world of cars, drivers are used to driving defensively and, for most, that usually means looking out for other cars and trucks on the road. Often, motorcycles simply are not on their radar. That is why visibility is critical when it comes to your safety. The more you and your motorcycle can grab the attention of automotive drivers, the more you lessen the chance of collision. Here are eight easy ways to make your motorcycle more visible.

### 1. Ride A Brightly Colored Motorcycle

Motorcycles are already at a disadvantage on the road because they are far smaller and can accelerate and decelerate far faster than car drivers are accustomed to. This makes them both harder to see and harder to gauge the distance from. Darkly colored motorcycles only exacerbate the issue, making our tiny little rocket ships that much more difficult to recognize on the road. Riding a brightly colored motorcycle can exponentially increase the chance you'll be noticed, even if only seen out of the corner a driver's eye; a fraction of a second difference in reaction time can be the difference between life and death.

### 2. Wear High Visibility Safety Gear

On most motorcycles the rider takes up about as much visual space as the bike itself. This means we have as big a role to play as the motorcycles we ride when it comes to being seen. We've learned since we were young that high visibility yellow or orange means caution or to pay attention, so wearing a high visibility jacket or helmet draws driver's eyes instantly to them. This is probably the cheapest and easiest way to make sure you're visually distinct. It also brings the added benefit of decreasing your commitment to the high visibility lifestyle, should you decide you don't want to be that bright all the time, as it's easier to own multiple jackets than multiple motorcycles.

### 3. Use Reflective Tape

Using reflective tape increases the visual footprint of your motorcycle. We recommend putting pieces on the front of your forks and on any piece of your motorcycle that sticks out a good distance from a light source (top of a tall windscreen or the edges of your panniers). Reflective tape won't do much for you during the daytime but will act as independent light sources at night and make your motorcycle look like a much larger object. Bonus Points for applying it

around your wheel rims, not only does reflective tape make a cool rim stripe, but wheels remain largely unobscured by bodywork or rider when the bike is side-on to a light source, such as at a 90-degree intersection at night.

## 4. Stay Out of Blind Spots

They're called blind spots for a reason. If you position your motorcycle in a place where drivers can't see you without moving their heads and looking for you, you're leaving your fate to their vigilance. Hanging out behind the b-pillar of a four-door sedan is not where you want to ride. Obviously, we can't avoid blind spots completely, but make your passes swiftly and then get into a lane position that a) can be seen by all cars on the road and b) gives you a little buffer should one of them still not see you.

## 5. Tap Your Brakes

Many people don't know that their brakes have a secondary function I like to call "Hey you behind me, make sure you're paying attention to what's happening up here." Tapping your brakes rapidly turns your brake light into a giant blinker, hopefully taking the attention of the driver behind you from his burrito to the massive traffic jam he will slam into should he not drop his lunch and act quickly. Tapping your brakes also works great for tailgaters or to warn your riding buddies of a dangerous road condition.

## 6. Use Your High Beams

Opinions vary on this one, but I like to ride with my high beams on at pretty much all the time during the day. Most drivers won't become upset or feel blinded by them because they won't be seen in the contrast of nighttime visibility. Whether you annoy them a bit or they think your headlight is pointed incorrectly, they'll notice you and that's all that matters.

## 7. Add Auxiliary Lights

Auxiliary lights provide the same kind of benefits as reflective tape in that they add light sources to your bike. They come with the added benefit of working around the clock, and that they provide additional light for you to see with at night. You can add them to the front and the back of your bike and can often set them to different intensities or to strobe in the back when stopping. A study conducted by Honda found that using lights to create a human face-like appearance on the front of your motorcycle increased driver's ability to accurately determine a motorcycle's distance by 10 percent and its speed by 20 percent. Place auxiliary light high up and spaced out to create facial proportions on your bike.

## 8. Use Your Horn

While horns are most often associated with being an audible middle finger, they can be quite useful. A quick double tap can alert a distracted driver of your presence or that it's time to look up from that cell phone. We find them most useful for cars looking to pull out into traffic that maybe haven't looked in your direction yet, as they inch forward while you approach. A quick "beep, beep" often snaps their head back to you. Your horn can also be a nice tool when that guy texting and eating a burrito tries to merge into your back tire as you ride next to him.

Now that you've read our top eight list, tell us what techniques you use to safely get noticed on the road.

## Officer's Conference (OPS)

January 14-15, 2022

Comfort Inn – Monticello

2097 Inn Drive, Charlottesville, VA 22911

434-977-3300 or <https://www.choicehotels.com/reservations>

**Friday, January 14 at 6:30 PM - 9:30 PM Social and Dinner**

**Saturday, January 15 at 9:00 AM – 4:00 PM Conference and Break-Out Sessions**

All Members are invited to attend, specifically Chapter and District Team Members, those who may be interested in taking a leadership position and/or those who would like to participate in the planning of the Virginia District's year.

Room rates: \$82.00, per night. Make your own reservations.

\*Full, hot breakfast included for all guests with room reservation.

Cancellation policy for rooms, 24-hour prior without penalty

Guests call and identify themselves with the **GWRRA – VA District Room Block**

---

The District is covering the cost of the Friday night dinner and \*Saturday breakfast, if breakfast is not available at hotel, Saturday lunch, so RSVPs are necessary. Please respond by December 31, 2021.

(\*) Different events on the same day.

( ) Volunteers still needed for the event.

## \*\* Update \*\*

The Kinetic series (marked in light blue above) has said that they will allow the use of trikes this year as the drag bike for their events. This will allow our trike members to join us in our support adventures. The trike will follow the last bicycle out of the pen and stay with that bike unless it passes another bike, then the trike would stay behind the passed bicycle. Claude asked for this change to allow more of our members to participate with us at the triathlons.
